

10 February 1970

MEMORANDUM FOR: Chief, Imagery Exploitation Group

SUBJECT : Review of IEG Production Branches

1. In line with an earlier discussion with you, I want to undertake a review of the Production Branches within IEG. There are three specific objectives to be served by such a review; namely, (1) an assessment of the production capacity of these branches; (2) a "command and control media" type of documentation of the tasks performed and the flow processes; and (3) a Center position regarding the grade levels and number of positions assigned to these branches, prior to a review by PMCD.

2. I propose that we begin this task on 16 February, scheduling approximately two weeks for its completion.
